

PARTS INCLUDED FOR INSTALLATION:

1 ea. Base Section

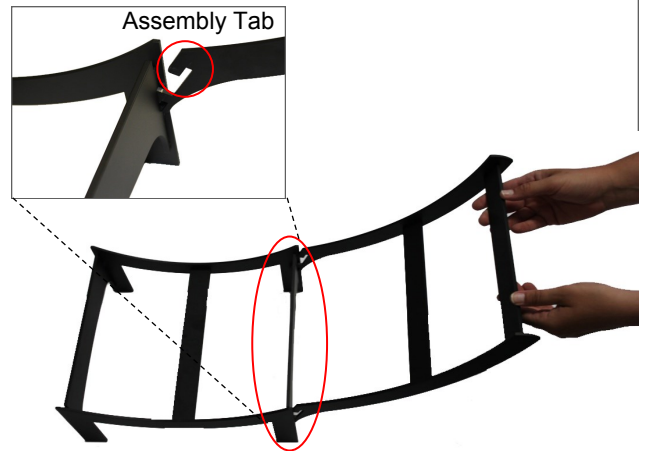

2 ea. Wing Sections

Step 1. Unpack and identify the three sections of the Wood Rack.

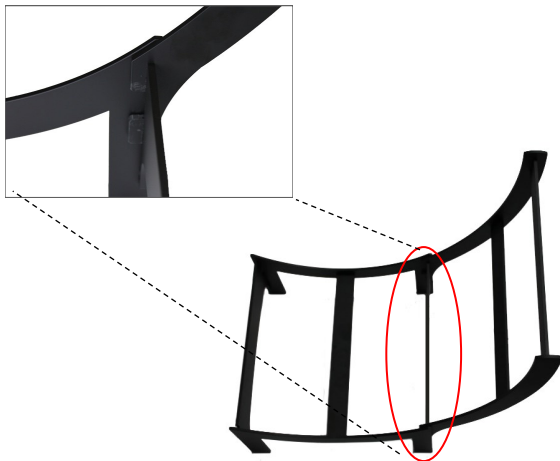

Step 2. Set the Base Section on a level surface. Locate the assembly slots on the four corners of the Base Section.

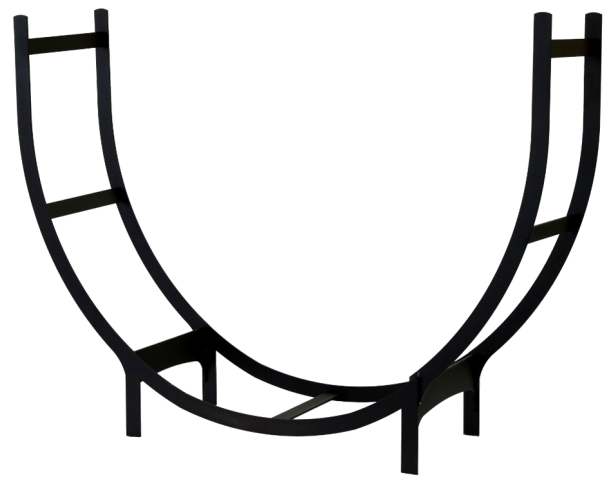

Step 3. Insert the assembly tabs of the first Wing Section into the two slots on one side of the Bottom Section. Rotate the wing section up and forward to engage the tabs in the slots.

Step 4. Push down firmly on the Wing Section to lock the tabs into the slots. Tap with a rubber mallet if necessary.

Step 5. Repeat Steps 3 & 4 for the second Wing Assembly.

Assembled Wood Rack

 **WARNING**

This product can expose you to chemicals including Carbon Black, which is known to the State of California to cause cancer.
